

We are delighted to announce that Milwaukee AHEC has a new Executive Director!

Azure'De Williams joined our team on June 12th, 2017. She has responsibility for recruiting and mobilizing a diverse pipeline of healthcare professionals; identifying, cultivating, and securing prospective sponsors and strategic alliances; partnering with advocacy groups to increase engagement within local health care clinics and systems; serving as liaison to governmental agencies focused on diversity and health disparities, and managing the execution of Milwaukee AHEC training programs.

Azure'De Williams received a Bachelor of Science degree in Behavioral Science & Law and a Criminal Justice Certificate from the University of Wisconsin - Madison. Azure'De has more than 20 years of experience working in the non-profit sector identifying two areas she believes most influence quality of life - Health and Education. She used her skills in program development, civic engagement and program evaluation to support efforts in addressing health disparities and achievement gaps.

As Executive Director for the Milwaukee Area Health Education Center, Azure'De Williams looks forward to the power of "We" in enhancing health equity and health care access for underserved populations. If you'd like to meet with Azure'De (DeDe) please feel free to reach out to her at awilliams@milahec.org to schedule a meeting.
